THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLICA is known as a common sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been resorted to by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 55 per cent. cures in three days.

## Alexander H. Stephens Dead.

Atlanta, 4.—Stephens' death occurred at 3.30. About 2 o'clock a. m. it was evident that he was much weaker and the crisis was approaching. Doctors placed a strong mustard plaster on his wrist and left it twenty minutes, when removed there was not the slightest sign of inflammation, showing that very little vitality was left. At 2.30 his extremities became cold and clammy and assumed a purplish hue. As the end drew near Stephens was lying on his back, his head turned slightly to the right, his husky rattle in his throat that had been plainly perceptible early in the night had ceased entirely. There was no more heavy breathing, not the slightest gasping. At 3.15 the family was called in. After breathing almost imperceptible a few moments he died without the slightest tremor.

The news created the profoundest sensation as it was known that he so near death's door. To-day his remains lay in state at the executive mansion and were viewed by 30,000 people. In the afternoon a meeting of citizens was held and addresses were delivered by Senator Colquitt, Judge Logan, E. B. Leakey and other prominent citizens.

A citizens committee was appointed to co-operate with the committee of the legislature and state house officers to conduct the funeral. The remains will lay in the state capital until buried on Wednesday or Thursday.

Col. Jno. Stephens, nephew of the governor, said I never knew him to speak so little of death as during his present illness, or make so few arrangements for the worst that might come. In all his other attacks he has been especially careful to impress on me the minutest details of his wishes and intentions. In this illness he has not said a single word of any desires. This confirms the theory that it was exhaustion, rather than disease that caused his death. Stephens made a will some time ago. He leaves \$10,000 to the children of his late brother, Judge Stephens, and the rest of the estate barring a few minor bequests to his nephew, Col. Jno. Stephens. What the estate will foot up depends largely on the sale of his new history of the United States. He made about \$30,000 on his work entitled "The War Between the States." On the above bequests the estate will probably pay \$10,000.

Atlanta, Ga., 5.—Honorable James S. Boynton, president of the state senate, was sworn in as governor. He ordered an election to fill the vacancy caused by Stephens' death on the 24th of April. The democratic executive committee of the state has been called to meet on Thursday in Atlanta, to consider what action shall be taken.

The remains of Stephens will be carried to the capital at 3 to-day, to lie in state in the hall of the house of representatives until Thursday next, when they will be interred in Oakland Cemetery. A committee of the legislature is acting with the citizens' committee. The indications are that the funeral will be the largest ever seen in Georgia. The city is heavily draped, and flags are at half mast.

## Cable Cables.

London, 5.—Amount of bullion withdrawn from the Bank of England on balance to-day, £100,000.

Berlin, 4.—Government has refused the application of the imperial commission to have the wrecked steamer Olympia examined by divers.

Berlin, 5.—The Emperor has accepted the resignation of General Von Kamake, as minister of war. Either General Bronsart von Schellendorf or General Capri will succeed him.

Bucharest, 5.—A proposal has been introduced in the Chamber of Deputies by forty-two members, providing for the expenditure of 100,000,000 lei (?) for the erection of forts made necessary by the political situation. Urgency was voted for the measure.

Berlin, 5.—The German government is treating for the purchase of the unacquired library of the Spanish Duke of Osuna.

Several firms of Bremen have entered into a combination for the purpose of organizing a line of steamers running from Bremen to Cuba, and Porto Rico. Four steamers under the Spanish flag will maintain a regular service between those places, which will be of great importance to the export trade of Germany.

The relations between Germany and England are reported better now than for ten years. The North German Gazette, expresses the highest satisfaction at this state of affairs.

Algiers, 5.—An expedition of great proportions is being organized to crush the rebels in the southern part of Oran.

## The Irish.

London, 4.—Various reports are current concerning the Dublin trials. They appear to be chiefly guesses.

Dublin correspondence says the police believe twenty-five or thirty are still lurking in that city, and that "No. 1" is still in the United Kingdom. It is said "No. 1" was once a tradesman in Dublin. Letters seized at Walsh's lodgings, at Rochdale, reveal the fact that 6,000 men are enrolled in secret societies. It has been organizing in the North of England and is amply provided with funds and volunteers.

Dublin, 4.—Government has prepared a bill to reorganize the constabulary and make the machinery for the detection of crime more effective.

A man named Martin informed the police that he found a bowie knife in Walsh's lodgings, Middleboro.

The town council expelled James Carey, informer, from membership and declared his seat vacant.

Paris, 4.—O'Kelly, member of the British Parliament, on his way to visit Clemenceau, was followed by a detective whom he seized and shook violently. O'Kelly narrowly escaped arrest.

## Union Pacific.

New York, 5.—The Commercial says: The coming election of the Union Pacific on Wednesday promises to be unusually interesting. The report is on the street that Charles Francis Adams, of railway arbitration fame, will go into the director's place of Scott, that Schell will resign, and that Andrew H. Green will occupy his place. Green will of course represent Tilden, who is a large holder of stock.

The official statement shows that Boston stockholders own more than \$20,000,000, or one-third of the entire capital outstanding of the Union Pacific Railroad.

## The California Congressmen.

Washington, 4.—Senator Miller's family go to Fortress Monroe on Tuesday and he does not expect to return to California for several weeks. Page will not go home until next June. Rosecranz expects to leave about the last of May, and not then unless his wife's health is fully restored. Pacheco, who arrived here last Friday, will leave Washington in a few days. He does not expect to be in California before the last of May.

Mr. Berry goes home within the next two weeks, as does Cassidy, of Nevada. Senator Farley, who is not in good health, will return home, if able, within a few weeks.

## The Socialists.

Madrid, 5.—Another chief of the "Black Hand" Society was arrested at Acoros, whose duty it was to visit various towns with copies of the constitution and by-law of the organization for the purpose of forming branches. Several landlords in Texas received letters demanding money.

Vienna, 5.—The trial of thirty socialists will begin on Thursday. The indictment details that evidence is obtained connecting the accused with internationalism and Herr Most. All are charged with treason, and half with murder or complicity therein. The crimes were committed last summer.

## Hudson Bay.

New York, 5.—The Dominion government, supported by the English admiralty, is to put a cruiser on Hudson Bay this summer to ascertain how much of the year Behring Straits are open to navigation. On the settlement of this question depends the construction of one or more railroads running north from the Canadian Pacific to some port on the shores of Hudson Bay, and the establishment of a line of steamers between Canada and Great Britain by the Hudson Bay route.

## The Cameron-Dana Trip.

New York, 5.—The contemplated trip to California of Charles A. Dana, Simon Cameron and families is delayed by the illness of Cameron's son. They will start within a fortnight, traveling by the Southern Pacific, making an extended stay in New Orleans and only a short visit in California. The trip is purely for pleasure.

## Will Take Effect.

Washington, 4.—The reduction of the tobacco tax as provided in the internal revenue clause of the tariff bill, goes into effect on May 1st. The abolition of taxes on the capital and deposits of banks, bankers and national banking association, takes effect immediately, on bank checks, drafts, matches, perfumery, proprietary medicines and the revised duties on imports, on and after July 1st next.

## After the Atheists.

London, 5.—The society for the suppression of blasphemous literature proposes to get up cases against Professors Huxley and Tyndal, Herbert Spencer, the publishers of John Stuart Mill's works and John Marley and others, who by writings have sown widespread unbelief, and in some cases rank atheism.

## Royalists.

Lilles, 5.—At a legitimist meeting here, yesterday, 5,000 persons were present. Baudrey D'Amon, deputy and Barbes, delivered addresses, violently attacking the republic. A resolution was unanimously adopted pledging all persons present to support the royalist cause in the coming struggle. The principal importance attached to the affair is that it will possibly cause prosecutions.

## NOT SLOW, YET SURE.

"It takes time," is the reply of the Doctor, when his cough-consumed patient complains that the medicine prescribed produces no effect. Now the great merit of "Hale's Honey of Horehound and Tar" is, that its curative influence is developed immediately after the first or second dose. The progress of the cure is rapid as well as certain. As a remedy for the ailments of the wind-pipe and lungs, it stands alone and unapproached. Sold by all druggists at 50 cents and \$1. Great Saving by buying large size. Pike's Toothache Drops cure in one minute.

The nutritive properties of Golden's BEEF TONIC are sufficient to sustain the body without the addition of solid food. Ask for Golden's, take no other. Of druggists generally.
